

California Call to Prayer: A Sacred Assembly
Bakersfield Christian Life Center
Bakersfield, CA

A Prophecy delivered by Chuck Pierce on July 25, 1998

For I would say, you have drawn my measuring line across this state. And I am beginning to cause those things that weren't lined up to line up this hour. And I would say to you, "I have set the wheels in motion for My destiny across this state. I would say I have chosen eight hubs throughout this state, even this moment. And I would say, from those hubs, there will be sixteen spokes going out of all eight. And I say from each hub, you will mobilize 2000 intercessors within that hub. And I say then each hub will connect, hub upon hub upon hub, for the wheels have been set in motion over this state.

I would say to you, I am setting a new government in place, and what you see in the natural will begin to occur in the Spirit realm. I say, I am setting some down and raising others up. For yes, fire will come, and wind will come, and yes, earthquake will come to this land. But I say to you, My issue is within my people, and they will complete and receive the anointing they need this hour to overthrow the system of Babylon that would affect this nation.

I say, there will be three distinct entities that will arise in the coming months. I say, secure this place through the watches. Secure this state through the watches between September and the end of November. I say to you, you must receive a watchman anointing this hour to secure this state. I say, find your place within the hubs and systems that I am raising up this hour. For I way to you, you must secure this state through My anointing. I say, you must mobilize within those hubs the four watches. For within each watch, you will overthrow certain spirits that would bring destruction upon this people before My time. I say My issues are with you. And this is an hour that you must see my measuring line. You must see my hubs and center of authority. You must receive the apostolic anointing and submit to the anointing of God that I am going to raise up across this state.

For the Lord says, I will cause three key meetings to come about over the next six months. And I say mobilize yourself into those meetings, for they will cause My will to be known. And that which has affected this nation in the past, I will begin to bring in a double portion if you will mobilize yourself.

I say, the measuring line has been set. The wheels have now been placed. The wheels are going to turn. Find your place within these hubs. For pockets of fire will arise in each one of these eight cities, and I say to you, from that fire in these eight cities, this whole state will become ablaze. And you will influence a nation in the days ahead. I say the shaking will remove that which can be shaken, and I say to you, these are days that you will know My will as you mobilize My watches. I say to you, find the leadership I am raising this hour. Allow me to set that in place, and I will show you each moment how to advance, says the Lord.
